RE: SITLA Mineral Lease Application ML 49955-LS  
DOGM Permit Application S/049/052

Dear Mr. Nielson:

Yesterday I received from you a copy of a DOGM reclamation surety agreement for the proposed Nielson limestone quarry in the Emma Park area, Utah County. The agreement is signed only by Nielson Construction and contains several blank spaces. You apparently mailed this item before receiving two letters of instruction that were separately sent to you by myself and by Susan White (DOGM), dated August 30, 2005.

By now you should have received the two letters of instruction. Please refer to the instructions contained in these letters with respect to notifications, permitting and bonding. If per chance you have not received our two letters of instruction then please contact me immediately.

Sincerely,

John T. Blake  
Mineral Resources Specialist

CC: Susan White
